1. The Senate Armed Services Committee has tabled S. 3381, a bill to authorize the President to provide assistance to an expedition to the Antarctic, and has adopted a Senate Committee Resolution endorsing the idea of an Antarctic expedition at the earliest possible date under direction of the President.

2. I called on Cong. Bramblett (R., Cal.) and informed him that I had discussed his offer with the DCI. I told him that the DCI wished me to express his sincere appreciation of Cong. Bramblett's offer to work with us, but that we were doing very little hiring at the present time and would be unable to avail ourselves of his services.
